

Aquana Lizard of water magic

For this Sketchbook I chose to focus on concept drawings of the creatures that will be in the card based role playing game the my friends and I are developing (and that is the focus of my thesis) called Uncle Fungeon's Magic Dungeon (UFMD)

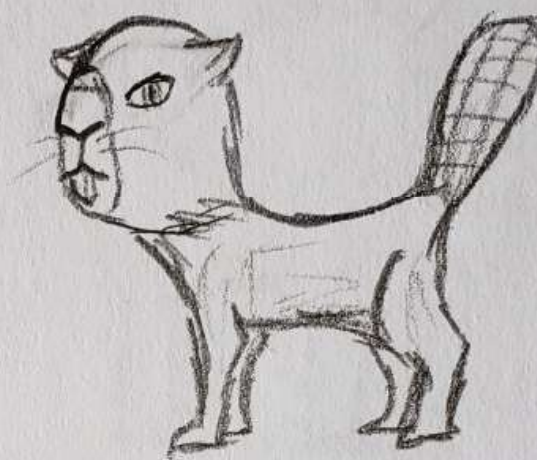

Probably like 2 or
3 ft long

foot

Beavercat

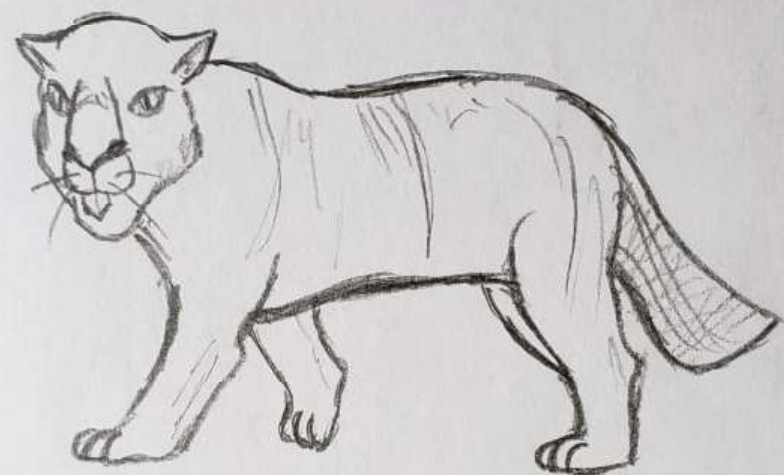

feral creature that lives in the woods, eats
rabbits + trees.

Around the size
of a beaver, maybe
slightly larger.

Beaver tiger

Grown beavercat that commands groups of beavercats.

Bhamear

Angelic gorilla creature with large wings

Hoof

Joints

Wing

Blazorback

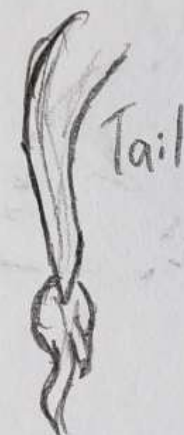

Boar of fire magic

Probably around 3ft tall on all fours.

Hoof Print

Tail

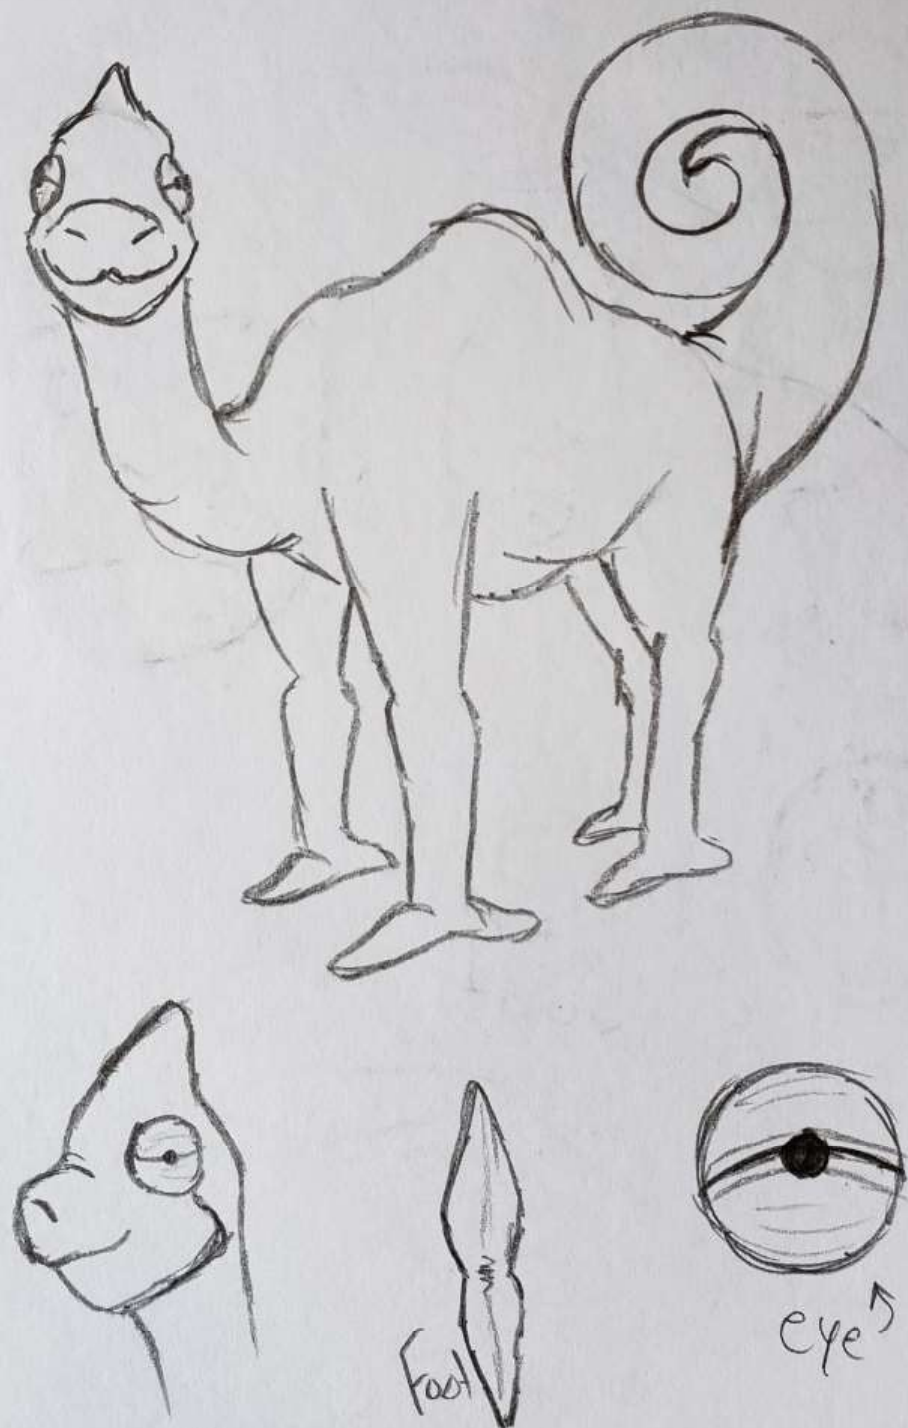

Blood Wolf

Bloodthirsty wolf that is affectionate to allies.

Camelion

A horse-like creature that can blend into any environment.

Fearcat

A creature that causes fear induced panic attacks through magic.

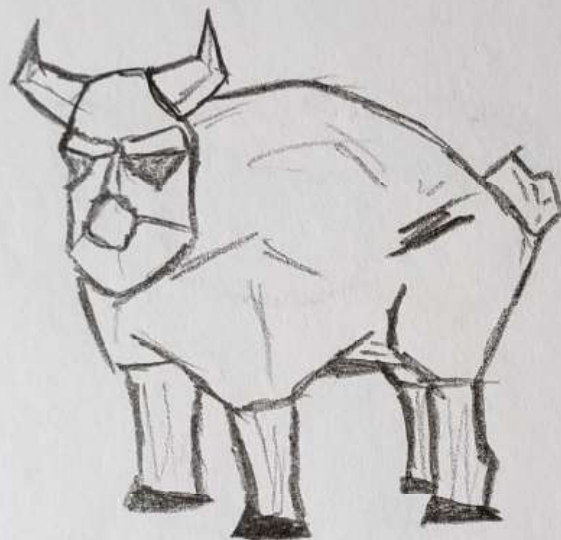

Paw

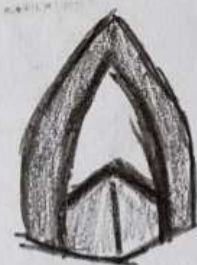

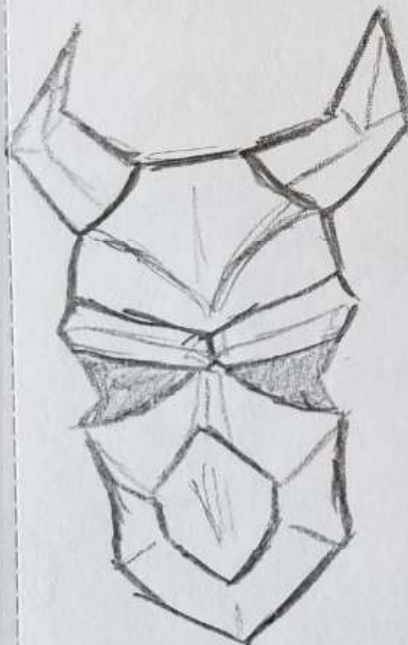

Tail

Minero

Ram of earth magic

Horse sized,
seem to be made
of rocks.

Hoof print

Perishine Falcon

Falcon made of light magic

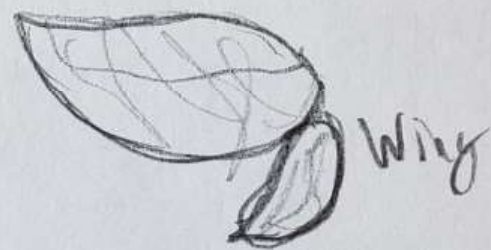

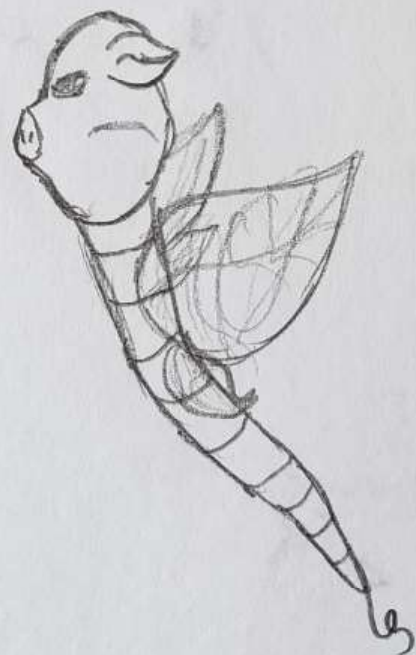

Size of a regular
falcon, about 1-2 ft
tall.

Pigxies

Magical spirit who empowers those around it.

PoKi

Sentient cactus creatures

Different
Varieties

They either hop everywhere like
VeggieTales or scout along the
ground.

PorcuHop

Living, breathing, hopping spike ball

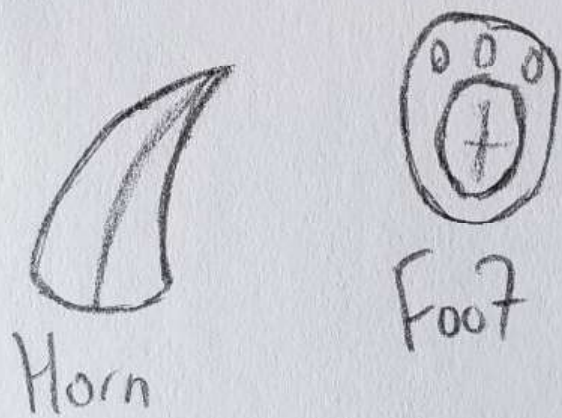

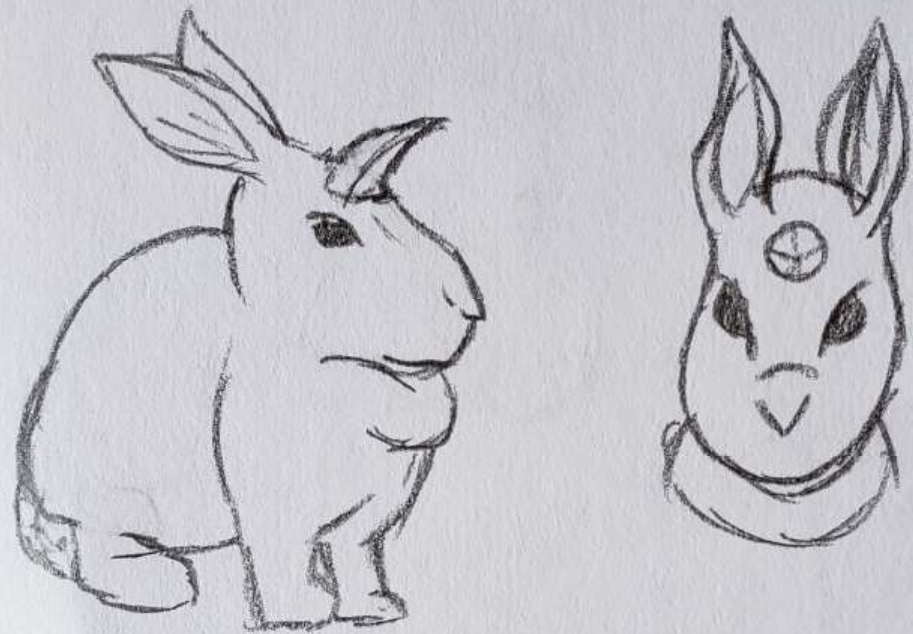

Foot

Quill

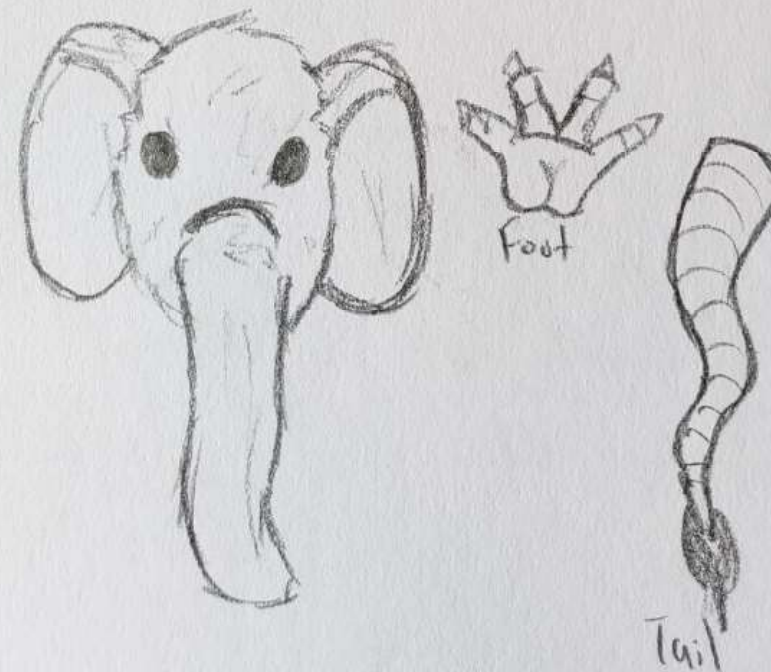

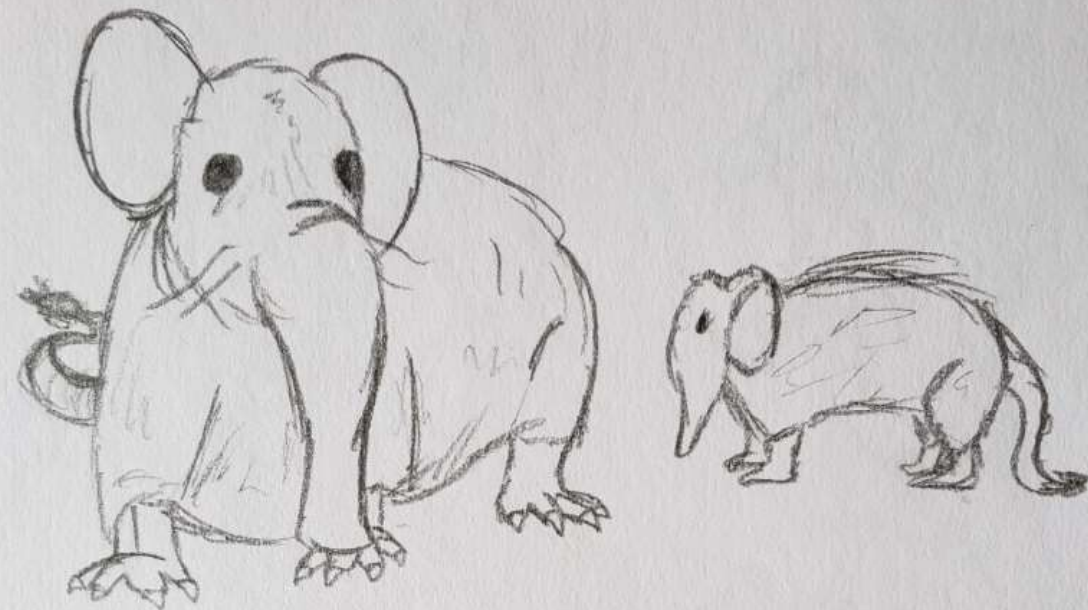

Rhinochareous

A massive rabbit with a horn on its head

Rodephant

A massive rat with a trunk.

UFMD Creatures

Shadowl: Large owls made of dark magic.

I'm not sure
how big they
are, probably around
4ft tall.

Vineper

Snake of nature magic

Varying length, no
real base length.

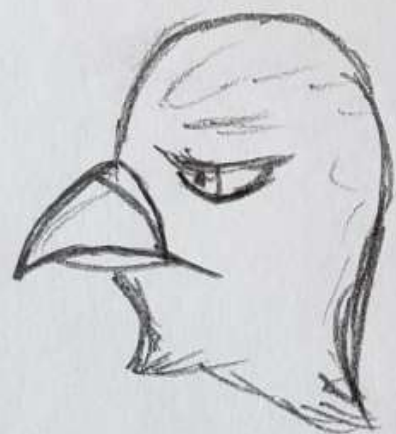

Tooth

No eyes

War Hawk

Hunting bird that can communicate with people.

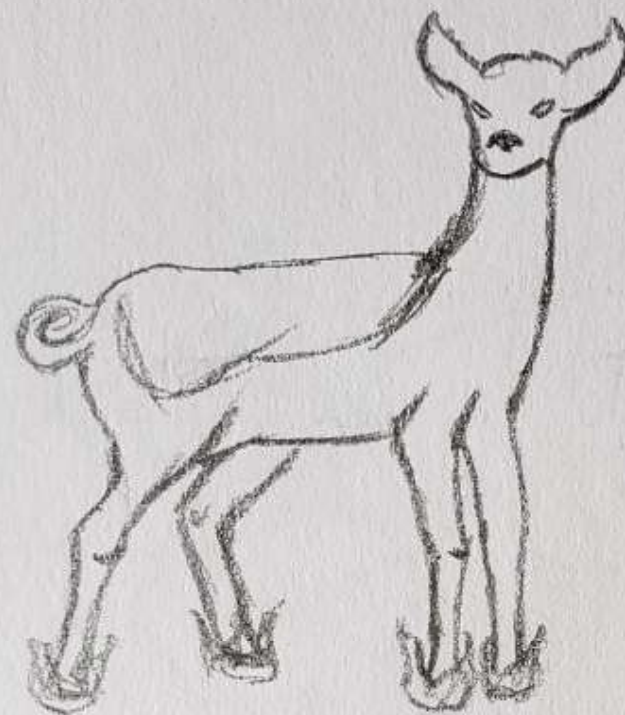

Foot

Beak

Zephyroe
